

BISHOP'S DECENNIAL INSPECTION COMMITTEE

NEEDS NEW MEMBERS

The Anglican Diocese of Niagara has a program to carry out periodic inspections of all church properties within the Diocese. This work is managed by the Bishop's Decennial Inspection Committee, which is mandated to develop the Policy and Terms of Reference, schedule and monitor the inspection and reporting of the physical structure, fabric, systems, grounds and cemeteries of all Anglican church properties within the Diocese of Niagara on a rotating 10 year cycle. The Diocese extends from Mount Forest and Shelburne in the North to Fort Erie and Nanticoke in the South and Oakville in the East. The actual inspections are carried out by qualified Inspectors under direction of the Committee and are awarded by tender and paid for by the individual Parish.

The Committee is looking for one or two additional Volunteers to join the Committee to fulfill this mandate. In particular, Committee Members evaluate the Inspectors reports to Parishes and, as needed, assist and advise on the preparation, development and implementation of the resulting Plan of Action and the need for additional specialist investigation or study.

The selected Committee Member is likely to have a background as an architect, engineer, general contractor, project manager, maintenance supervisor or building inspector with an interest in and knowledge of older buildings. A knowledge of structural, mechanical and electrical systems would also be an advantage.

Individuals wishing to be considered for this role should initially submit a letter of interest and a resume to the Bishop's Decennial Inspection Committee,
c/o The Bishop's Office, 252 James Street North, Hamilton, Ontario, L8R 2L3;
Fax: 905-527-1281; Email: karen.nowicki@niagara.anglican.ca.

Further information, including the Terms of Reference for the Inspection of Church Properties will then be provided and selected candidates will be invited to an interview with the Committee.
