

Lent 2011

To All Clergy

The attached Lenten program reflects upon the work and organization of the Primate's World Relief and Development Fund. The daily readings offer information, put it in the context of Holy Scripture, suggest a prayerful response and lead to an action.

Would you please make this resource available to your parishioners? You can send it electronically to all who are connected to the internet or print a few copies for those who are not. A brief notice in your Sunday bulletin and/or newsletter could recommend it to your parishioners for their devotion and reflection during Lent. You may have more innovative ways of drawing attention to this helpful resource.

Our Lord stopped on his way to Jerusalem and in the middle of his reflection on what lay ahead in order to attend to the blind man, asking him "What do you want me to do for you?". These brief reflections remind us to stop, to become aware of our connectedness to those in dire needs - in Canada and around the world - and to ask "What do you want me to do for you?"
